

# Hiring Neurodiverse Employees to Grow Manufacturing Production

May 18, 2023 9:00am – 12:00pm

sponsored by  
ENGAUGE Workforce Solutions

**May 18, 2023 (in-person)**  
**Engauge Workforce Solutions**  
N59 W13500 Manhardt Drive  
Menomonee Falls, WI 53051

**Description:** In this session you'll hear from business leaders who have expanded their talent base to include individuals with neurodiverse talent. In partnership with service providers and educators who partnered with them to assure success of the employee, discussions will include sharing success stories and learning what worked, what didn't, and what they'd do differently.

**Audience** - Chief business leaders who can influence a change in business and recruitment strategies.

**Goal** - Peer-to-peer dialogue around employing neurodiverse individuals to change the perception of attendees to become receptive in looking at different pools of talent that may include individuals with neurodiverse abilities.

**Doors open at 8:30 – join us for a continental breakfast and networking. The program begins at 9am with a general session followed by breakout discussions.**

## Presenters

- Peter Rathmann, CEO Allis Tool & Machine Corp,
- Emma Rathmann – Prolec GE - Waukesha Electric
- Goldh mong Vang - MATC
- Corryn Manderfield - Wisconsin Metal Parts
- Katie Malnight - Engauge Workforce Solutions
